

Welcome to the **Georgia Baptist Church Music Conference** site. This is a site dedicated to the perseverance of the Gospel through local church music proclamation and education. Each year we have put together a conference, which gives our musicians tools and ideas for their journey in ministry. This year is no different.

However, this year, 2011, will be different in the timing and placement of the event. I am excited to announce that this year we are connecting our conference to the ***Church Music Georgia 2011*** Conference in July. We believe that together, these events will provide a great package of training and networking opportunities for anyone in music leadership. Normally, we would only be able to have one or two key speakers at our event. But by connecting with this event we will have at our disposal multiple leaders from a variety of states and backgrounds giving us a wide palette of information. You will want to take advantage of both of these events. This year's theme, ***For All Generations***, will offer a discussion of ministry for multi-generational worship, as well as classes on how to pass the message of the gospel on to the next generation through music.

On this site you can explore the courses offered as well as sign up for both of these incredible conferences.

On a final note, there is a new networking opportunity for those who play golf. On Thursday morning of the event Jim Faull is putting together a "String" Golf Tournament. This tournament is for anyone who can swing a club and wants to connect with other music leaders. A length of string will be given each team based on their combined handicaps and can be used at any time along the course to move their positions closer to the hole. How fun is that? I call it "GRACE GOLF" because I need a lot of that when I play. We hope to have some neat prizes to give out later at the conference dinner.

Well that is all for now. I am honored to serve as president this year and if you have questions about anything you may certainly contact me.

He decreed statutes for Jacob and established the law in Israel, which he commanded our ancestors to teach their children, so the next generation would know them, even the children yet to be born, and they in turn would tell their children. Then they would put their trust in God and would not forget his deeds but would keep his commands. Psalm 78: 5-7
